## School Accountability Report Card

Reported Using Data from the 2010–11 School Year

*Published During 2011–12*

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

### Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2010–11)

John Muir was a naturalist and an important part of establishing Yosemite National Park. His love for nature and his selfless acts to preserve it, along with his major influence on California and the Merced area in particular, were the reasons behind the district's decision to name the school in his honor. John Muir Elementary School is the oldest of Merced City Schools, follows a traditional calendar and serves children in preschool through grade 5. Muir lies in the central part of the city of Merced. Most students live within walking distance of school, however, children who currently live within an "unhoused"

Loughborough area, are bused to Muir daily. Most students graduating 5th grade from Muir, will attend nearby Herbert Hoover Middle School. Others will attend either, Cruickshank, Tenaya or Rivera Middle Schools. As its priority the entire staff of Muir strives to meet the social, emotional, and physical needs of students. Local and state assessments are analyzed at the beginning of each school year. Muir Elementary School is dedicated to ensuring that its students come away with a well -rounded, academically rigorous educational experience that will serve them well in the future. We are a school where everyone is special and learning is celebrated and encouraged as a lifelong experience.

**Opportunities for Parental Involvement (School Year 2010–11)**

Muir employs a participatory governance model that encourages all stakeholders to take an active role in the educating of our community of learners. Parents participate on the School Site Council and English Learners' Advisory Committee. Parents in addition, are welcome to volunteer in classrooms and for special events, as well as within the Parent Teacher Club which serves as a strong partnership with the school and supports many student activities. Active parent involvement includes, but is not limited to getting their students to school on time, every day, ready to learn. Reviewing their children's homework nightly, attending all Parent Teacher Conferences, Back To School Night, Open House, Parent Teacher Club Activities, Student Performances, Awards Assemblies, and Special Education Meetings.

### III. School Climate

#### School Safety Plan (School Year 2010–11)

The School Safety plan is revised and updated annually each spring. Administrators, staff, and the School Site Council review the plans and policies at the beginning of each school year. The School Safety

John Muir Elementary 2010-11  
School Accountability Report Card

Plan was designed to assist in preparing for emergencies, managing emergency response efforts, and in maintaining a safe school environment. Safety of students and staff is a primary concern of John Muir Elementary School. The school works diligently to maintain safety compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. All John Muir visitors are required to check in at the office before entering the campus. Office staff regularly reviews registration cards of students to ensure that only identified adults have access to any John Muir student.

**Suspensions and Expulsions**

Rate*	School 2008-09	School 2009-10	School 2010-11	District 2008-09	District 2009-10	District 2010-11
Suspensions	8.2	8.3	3.5	10.4	12.1	13.0
Expulsions	0	0	.62	.20	1.7	1.0

\* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment.

**IV. School Facilities**

**School Facility Conditions and Planned Improvements (School Year 2011-12)**

In 2001, the district designed a 20-year strategic plan, which includes agendas for modernization, renovation, and upgrading of various areas for each school site. These renovations are partially supported by Federal Renovation Funding in order for the school to meet American Disabilities Act compliance. For Muir Elementary School, the plan included a need for five new portable classrooms, which were added to the school during the 2002-03 academic year. These classrooms housed the Newcomers' Academy. These Hmong students have now been infused into the regular elementary and middle school class settings. The Merced County Office of Education's ASSETS Program uses these 4 classrooms every day from the end of school until 6:00 PM. Additionally, 2 new portables were purchased using the QEIA grant, in order to lower 4th and 5th grade class sizes to 26:1. Muir Elementary School provides a safe and clean environment for students, staff, and volunteers. School facilities were built in 1924. As of November 2007, the campus include library media center, multipurpose room, 14 permanent classrooms, and 17 portable classrooms, which are all up to date and provide adequate space for students and staff. A team of two custodians ensures classrooms, restrooms, and campus grounds are kept clean and safe. Merced City School District administers a scheduled maintenance program to ensure that all facilities are well-maintained. During the 2010-11 school year, a restroom was added along with a Youth Enrichment Program portable building which is owned by the City of Merced. In 2011 our school was renovated with fresh paint and new HVAC units.

**Core Academic Classes Taught by Highly Qualified Teachers (School Year 2010–11)**

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor’s degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* Web page at: <http://www.cde.ca.gov/nclb/sr/tq/>

## VII. Curriculum and Instructional Materials

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2011–12)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: September, 2011

Core Curriculum Area	Textbooks and instructional materials/year of adoption	From most recent adoption?	Percent students lacking own assigned copy
Reading/Language Arts	Reading California, Houghton Mifflin, 2003	Yes	0
Mathematics	California Math, Houghton Mifflin, 2009	Yes	0

State			\$5,455	\$69,419
Percent Difference – School Site and State			1.08	.09

Note: Cells shaded in black do not require data.

**Supplemental/Restricted** expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. **Basic/unrestricted** expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the *CDE Current Expense of Education & Per-pupil Spending* Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the *CDE Certificated Salaries & Benefits* Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

**Types of Services Funded (Fiscal Year 2010–11)**

In addition to general revenue funding from the State, the District receives state and federal categorical grants and allocations for special programs. This includes, but is not limited to the following categorical, special education, and support programs: Title I, Part A - Basic Grant, Title I, Program Improvement, Title II, Part A - Teacher Quality Title II, Part D - Technology Title III, Part A - Limited English Proficiency, Title IV, Part A - Safe and Drug Free Schools, Special Education, Community Based Education and Tutoring, Home-to-School Transportation, Class Size Reduction, Gifted and Talented Education, Economic Impact Aid and Quality Education Investment Act grant. Economic Impact Aid/State Compensatory Education & Economic Impact Aid/Limited English Proficient.

**Teacher and Administrative Salaries (Fiscal Year 2009–10)**

Note: For detailed information on salaries, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

## IX. Student Performance

### Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

**California Physical Fitness Test Results (School Year 2010–11)**

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school’s test results to the district and state, see the CDE *PFT* Web page at <http://www.cde.ca.gov/ta/tg/pf/>.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**X. Accountability**

**Academic Performance Index**

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE *API Web page* at <http://www.cde.ca.gov/ta/ac/ap/>.

**Academic Performance Index Ranks – Three-Year Comparison**

This table displays the school’s statewide and similar schools’ API ranks. The *statewide API rank* ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The *similar schools API rank* reflects how a school compares to 100 statistically matched “similar schools.” A similar schools rank of 1 means that the school’s academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school’s academic performance is better than at least 90 of the 100 similar schools.

### Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE *AYP* Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

### Adequate Yearly Progress Overall and by Criteria (School Year 2010–11)

**Federal Intervention Program (School Year 2011–12)**

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE *PI Status Determinations Web* page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.
