School Accountability Report Card

Reported Using Data from the 2010–11 School Year

Published During 2011–12

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2010–11)

Burbank Elementary, which is a traditional calendar school serving grades kindergarten through fifth grade, lies in the northern section of the city of Merced. Student body demographics are in a separate file. Burbank Elementary was named in honor of Luther Burbank, a horticulturist who developed more than 800 strains and varieties of plants, including the Shasta Daisy, the Santa Rosa Plum, and the

Freestone Peach. Burbank Elementary is dedicated to ensuring that its students come away with a well-rounded educational experience that will serve them well in the future. Mission Statement The staff at Burbank School is committed to building the character, based on the six pillars of Character Counts, of the students entrusted to them. They provide a strong academic foundation for students to meet success in middle school and beyond. Knowing that modeling is important, the staff seeks to live the character traits they want to see in the students. Additionally, they model the importance of life-long learning. The staff at Burbank School is committed to making it a place of learning where children can develop their full potential.

Opportunities for Parental Involvement (School Year 2010–11)

There are several opportunities for parents to participate in the decision-making process at Burbank Elementary. Parents who serve on the School Site Council advise the administration and approve the categorical programs budget. The English Learners Advisory Committee is an advisory group of parents. This group advises the administration on the English Language Development program. The Burbank School Parent Club is composed of parents and teachers who organize fund-raising activities and support the school by purchasing materials that are not specifically provided for in the budget. The staff of Burbank School encourages parent participation in the above committees. Recognizing that parents are the primary educators of their children, the staff encourages their participation in the educational program. Parents are encouraged to volunteer in the classrooms, attend awards assemblies and participate in parent conferences.

III. School Climate

School Safety Plan (School Year 2010–11)

Luther Burbank Elementary 2010-11
School Accountability Report Card

Burbank Elementary provides a safe and clean environment for students, staff, and volunteers. The School Safety Plan is revised and updated annually and is reviewed with the staff during the fall of each school year. The School Safety Plan provides for all emergency procedures, including staff responsibilities and communication with parents while giving priority to student safety. Parents interested in the plan may review it at the school office. The school complies with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Fire and disaster drills are conducted once every four weeks throughout the school year. Daily monitoring of school grounds is performed by five assigned staff members before, during, and after school. All visitors are required to check in at the office before entering the campus and to wear a visitors tag while on school grounds.

Suspensions and Expulsions

Rate*	School 2008-09	School 2009-10	School 2010-11	District 2008-09	District 2009-10	District 2010-11
Suspensions	15.0	19.0	19.59	10.4	12.2	13.0
Expulsions	0	0	0	.20	1.7	1.0

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment.

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2011-12)

The school facilities were built in 1950 and include the library, multipurpose room, kitchen, staff lounge, 15 permanent classrooms, and 16 portable classrooms. In the evenings and during the day, a team of two custodians ensures classrooms, restrooms, and campus grounds are kept clean and safe. Merced City Elementary School District administers a scheduled maintenance program to ensure that all classrooms and facilities are well-maintained. In 2001, the district designed a 20-year strategic plan, which includes plans for modernization, renovation, and upgrading of various areas for each school site. For Burbank Elementary, the following modifications took place in 2002-03: all facilities repainted, portable classrooms added, stage re-finished, and grounds re-landscaped.

* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2011–12)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: September, 2011

Core Curriculum Area	Textbooks and instructional materials/year of adoption	From most recent adoption?	Percent students lacking own assigned copy

Note: Cells shaded in black do not require data.

Supplemental/Restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. **Basic/unrestricted** expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the *CDE Current Expense of Education & Per-pupil Spending* Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the *CDE Certificated Salaries & Benefits* Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

Types of Services Funded (Fiscal Year 2010–11)

In addition to general revenue funding from the State, the District receives state and federal categorical grants and allocations for special programs. This includes, but is not limited to the following categorical, special education, and support programs: Title I, Part A - Basic Grant, Title I, Program Improvement, Title II, Part A - Teacher Quality Title II, Part D - Technology Title III, Part A - Limited English Proficiency, Title IV, Part A - Safe and Drug Free Schools, Special Education, Community Based Education and Tutoring, Home-to-School Transportation, Class Size Reduction, Gifted and Talented Education, Economic Impact Aid and Quality Education Investment Act grant. Economic Impact Aid/State Compensatory Education & Economic Impact Aid/Limited English Proficient.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

California Physical Fitness Test Results (School Year 2010–11)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE *PFT* Web page at <http://www.cde.ca.gov/ta/tg/pf/>.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE *API Web page* at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state’s standards-based assessments in ELA and mathematics
- Percent proficient on the state’s standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE *AYP* Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Federal Intervention Program (School Year 2011–12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE *PI Status Determinations Web* page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.
